

Madras Gymkhana Club

The Quasiquicentennial Celebrations of the club are well underway and will culminate with a series of special events in July & August.

In this landmark 125th Year of our Madras Gymkhana Club, we are bringing out a commemorative coffee table book about the institution since its inception and major events through this past Century and a quarter.

Raintree Media, a leading publishing house will be in charge of collating information from multiple sources and producing this book. Any member with interesting anecdotes of the past, especially photographs, is welcome to contact the club office.

We hope to be able to gather excellent material that will go to make an outstanding heritage volume that members will treasure and preserve.

To cover the costs of this special commemorative volume and the costs of the Quasiquicentennial Celebrations, each member will be debited in all Rs. 1,000, in three instalments of Rs. 340, Rs. 330 & Rs. 330 in their bills for May, June & July respectively.

The kind co-operation of all members is solicited.
